

THE PROTOCOLS

MIKE EVANS

IT'S A LIE THAT WOULD NOT DIE; believed to be true by Henry Ford, Adolf Hitler, Osama bin Laden, and President Mahmoud Ahmadinejad of Iran. It was secretly introduced to the world by a Freemason in Paris as a prophecy revealing a Jewish international world order. When it reached Russia it birthed the pogroms. Hitler used it to exterminate six million Jews in Europe. Now most Muslim leaders worldwide keep it within reach as the most revered book, after the Quran. Every terrorist organization and suicide bomber uses this prophecy as the primary reason to commit the acts they do.

Esther Rosenberg always knew there were people who hated her. She just didn't know how deeply that hatred ran. Now she is about to find out. Fueled by long-standing prejudice and guided by anti-Semitic propaganda from the past, the ancient Order of Malta has unleashed a plot to finish what Lenin and Hitler started and do what Islamic extremists only dream of doing—exterminate the Jews and their American sympathizers. Using four suitcase bombs obtained from a Russian Mafia arms dealer, the Order and its far-flung secret society is well on its way to success when a cryptic posting on a website tips their hand. Only Esther stands in the way. With the help of Paul Maddox, a former Congressman, she follows an obscure trail of clues that takes them across America and around the world in a desperate effort to unravel the plot and locate the bombs before it's too late. Can they do it? Or will the prophecy of the Protocols come true.
