

WHAT IS THE NEXT GREAT SIGN ON THE COUNTDOWN CLOCK THAT POINTS TO THE RETURN OF JESUS CHRIST?

When the name George Bush pops up in conversation we immediately think of the forty-first or forty-third president of the United States. What relatively few know is that there was an earlier George Bush born in Norwich, Vermont in 1796. Rev. Bush, the academic, and ardent believer in the return of the Jews to their rightful land in Palestine, wrote *The Valley of Vision; or The Dry Bones of Israel Revived* in 1844. It was based on the book of Ezekiel. Bush wrote, “We have thus endeavored to elicit the testimony of a very remarkable portion of the prophetic Scriptures in favor of the position of the literal return of the Jews to the land of their fathers.”

Though every generation has looked to the sky with expectation of the return of Jesus, the wisest of them knew that the last days before His return would not begin until Israel had been reborn in her ancient land and was thriving again. Jesus said, “As soon as [the fig tree’s] branch becomes tender and puts out its leaves, you know that summer is near.... This generation will not pass away until all these things take place” (Matthew 24:22, 24).

We are that generation—*The Final Generation*. For what should we be watching? Considering where we are on God’s time clock, what should we be doing?

Dr. Michael Evans takes us on an exploration of God’s prophetic timeline for an in-depth look at where we are now, what we should be looking for next, and what the events leading to Christ’s return might look like. As never before, we are the generation that needs to be ready and watching. *The Final Generation* will tell you how and why.
