

READ TOMORROW'S NEWS BEFORE IT HAPPENS!

SEVEN DAYS is a wild ride into an attack on Iran before it happens followed by SEVEN DAYS of retaliation against Israel and the West.

Since 1948, Israel has launched numerous preemptive strikes against her foes. In 1981 and 2007 Israel destroyed Iraq and Syria's nuclear reactors, and is now on the brink of a strike against Iran.

Dr. Evans predicted the attack by Osama bin Laden on the World Trade Center in his 1999 fiction bestseller *The Jerusalem Scroll*. In 2003 he predicted the Arab Spring in his #1 *New York Times* bestseller, *Beyond Iraq: The Next Move*.

Mike Evans is one of the United States' foremost experts on this subject. His articles have appeared in *USA Today*, the *Wall Street Journal*, and *The Washington Times*. He has appeared on most of America's leading shows including Good Morning, America, Nightline, CNN World News, the Fox News Network. He arranged the exclusive Fox News interview with Iran's President Mahmoud Ahmadinejad.

Evans is the author of several *New York Times* blockbuster bestsellers including *Showdown with Nuclear Iran* which Deputy Prime Minister and former Chief of Staff of the Israeli Defense Forces Lt. Gen. Moshe Ya'alon calls:

"The most detailed account of the Iranian regime's determination, policy, and plan to acquire military nuclear capabilities...Mike Evans compellingly analyzes policy options for confronting this threat."

As the first week ends and the second SEVEN DAYS dawn, Iranian Hezbollah proxies pour across the US border aided by the Mexican cartel. Their targets: Jews and Jewish population centers. Now, glassy-eyed suicide bombers stalk US streets on a mission from hell.

SEVEN DAYS, a fiction book, is the result of more than fifty meetings with Middle East leaders. It is the book you will not be able to put down.

FACT OR FICTION—YOU DECIDE!
